OF DEMOCRACY IN THE UNITED STATES.By the Author of the Republic of the
United States, &c.THIS important work is now in press, the first
volume of which will be issued early in the
autumn of 1854.
The publication of this work will be continued
by the subscribers; and in due time they will
publish in the several States a complete list of agents,
who will be prepared to furnish copies promptly
in every part of the country.
That the author may have ample time to prepare
his work according to his views of completeness;
that the publishers may be enabled to issue the
work with promptness, and at stated periods,
thereby protecting the interest of their agents, the
following arrangement is announced in the full
confidence that it will prove acceptable to all, viz:
To stereotype the next six numbers, making one
in all, thus completing the first volume before any
more are published.The numbers will be then issued monthly, without
intermission, to the end. Those who prefer
the volume bound will be accommodated without
extra charge for binding; and the numbers already
published, from one to four, will be taken in part
off, or not injured, by the sale of the whole.
In announcing this unavoidable delay for a few
months, the publishers are not unmindful of the
earnest desire of many speedily to possess the
work. The necessity of accomplishing the work,
where, whose laborers are incessant, will appear ob-
vious to all without particular explanation.

U. S. NAVY YARD, GOSPORT, VA.
January 20, 1854.
To C. E. Detmold, President N. J. Zinc Co., N. Y.
Sir: A series of experiments conducted by me,
with a view to the preservation of the various
paints upon the various parts and artificial prepa-
rations for the preservation of timber, have led me
to the important discovery that the White Zinc
Paint, manufactured by the New Jersey Zinc Com-
pany, serves as a perfect protection against the
ravages of the marine worm, and the formation of
barren, whilst no other paint or preparation of
any kind can be said to possess this property.
I am now preparing a full report on this impor-
tant subject to the Bureau of Yards and Docks, at
Washington, and shall send with it a complete
series of specimens of the various paints, and the
preparations, and then exposed alike for an entire
season, in salt water, opposite this city; all of
which will be sent to you, and the results of the
above stated facts, which are of too much impor-
tance to be kept from the naval and commercial
world. I am, respectfully, your obedient servant.
